1. What is it the Youth Exchange about?

The Sixth Kingdom is a 8-day Youth Exchange in which 35 youngsters and 7 youth leaders from Greece, Croatia, Estonia, Slovakia, Italy, Turkey & The Netherlands will work together and learn about importance of culture identities, how they are formed, which elements contribute to that and migration. This will be done in form a live simulation game called 'The Sixth Kingdom'

Last year the YE exchange was huge success so we want to repeat it this year. Here is the video of Last Year.

2. Story line

Once upon a time, there were 5 kingdoms that ruled the earth. The kingdoms came into being after the great war in which most of the ancient civilizations were almost completely wiped out. The remaining people started 5 new kingdoms.

Each kingdom had a spirit animal on which they based their believes, customs, culture, economy and political systems. For years, the kingdoms were living in harmony side by side. That changed when out of nowhere the civilization of ' The Serpents', that were supposed to be extinct, returned and started raging war. The only way for these kingdoms to survive & thrive is if they cannot only stop the war but also build a new society in which all of them can live in harmony, despite their differences, they will have to build bridges between each other. The Kingdoms were built around the following spirit animals;

1. The Raven
2. The Wolf
3. The Elephant
4. The Tiger
5. The Owl

You can also think of some other things to share with the group from your culture: stories, dances / songs etc. In case you play an instrument, it might be very nice to bring it. Just no power point presentation or country promotion videos, as it would be the best if you can share something in your own words! By the way, to present something from your culture does not mean it has to be something from your country: it can also be from a region, a city etc.
